Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment:

- I. The reply was not in accordance with 37 CFR 1.111(a)(1), which requires that applicant "must reply and request reconsideration". Reconsideration was not requested.
- II. The reply was not in accordance with 37 CFR 1.111(b), which requires that applicant "must reply to every ground of objection and rejection in the prior Office action". The objection to the specification and three of the double patenting rejections received no reply.
- III. The reply was not in accordance with 37 CFR 1.111(b), which requires that any reply "must be reduced to a writing which distinctly and specifically points out the supposed errors in the examiner's action". No such reply was received. .
